MERE, NOT MINOR

Why Christianity Still Matters

MERE
CHRISTIANITY

A summary of the classic book by
C S Lewis, “**Mere Christianity**”

The Fundamentals

Originally delivered as radio broadcasts during WWII, ***Mere Christianity*** outlines the core beliefs of the Christian faith that transcend denominational boundaries.

Lewis begins with moral reasoning to argue for the existence of God, then builds a foundation of Christian doctrine and practical morality.

The book is structured in four main parts:

Book I : Right and Wrong as a Clue to the Meaning of the Universe

C S Lewis begins by arguing that humans have an innate sense of moral law, which cannot be explained by nature or instinct alone. This moral law points to a Lawgiver—God.

Lesson:

- Our sense of right and wrong reveals that there is a real moral order in the universe.

Practice:

- Examine your daily moral choices. Do you treat them as personal preference—or divine invitation?

The background features a teal and purple abstract design with white curved lines and large white quotation marks at the top and bottom. A white rectangular box with a thin black border is centered in the middle.

*“I believe in Christianity
as I believe that the sun
has risen—not only because
I see it, but because by it I
see everything else.”*

Book II : What Christians Believe

C S Lewis introduces key tenets of Christianity: the reality of evil, the incarnation of Christ, and the belief that Jesus is either Lord, liar, or lunatic. He presents the Gospel with clarity.

Lesson:

- Christianity is not just moralism—it is God entering history to rescue humanity.

Practice:

- Reflect daily on Christ not only as teacher, but as Savior and Lord.
- 

*"You must make your choice.
Either this man was, and
is, the Son of God, or else a
madman or something
worse."*

Book III : Christian Behaviour

This is the heart of Christian ethics: virtues (faith, hope, charity), marriage, forgiveness, humility, and morality. Lewis stresses that **Christianity demands transformation.**

Lesson:

- Being a Christian is not just about belief, but becoming more like Christ.

Practice:

- Choose one virtue per week to embody intentionally (e.g., humility, patience, charity).

*“Humility is not thinking
less of yourself, but
thinking of yourself less.”*

Book IV : Beyond Personality – Or First Steps in the Doctrine of the Trinity

C S Lewis explores the nature of God as a divine community—Father, Son, and Holy Spirit—and how we are invited into that life through Christ.

Lesson:

- God's goal is not to improve us but to remake us—into sons and daughters of God.

Practice:

- Set aside time for contemplative prayer, entering into relationship with the Triune God.

*“The Christian does not
think God will love us
because we are good, but
that God will make us good
because He loves us.”*
